

**SPECTRUM TRIM 2** is a primed pine program designed to provide a high quality, tally efficient product to the retail lumber yard that will meet the demands of cost conscience contractors while eliminating call backs due to improper storage and installation. Spectrum program pricing will be set each month, taking the guesswork out of pricing and custom packaging will enable the retail yard to order an exact tally. The superior substrates combined with the highest quality coating provide a 10-year limited warranty.

### **THE SPECTRUM 2 PROGRAM: SUBSTRATE – PRIMING – PACKAGING**

1) **SUBSTRATE:**

- A combination of eastern and western boards including Premium&Btr. Eastern White Pine, and Sterling Idaho White Pine. Mills are selected based on superior grading, milling and length distribution. This combination allows the SPECTRUM 2 program to provide consistent quality in the lengths specified by the retail yard.

2) **PRIMING:**

- Binned all four sides for maximum coverage thereby reducing the possibility of knot bleed.
- Primed bright white 2 coats (1<sup>st</sup> coat alkyd blend, 2<sup>nd</sup> coat universal acrylic) for superior appearance and a 10-year limited warranty.

3) **PACKAGING:**

- Uniform size single length units:

1x4	130 pcs
1x5	100 pcs
1x6	80 pcs
1x8	60 pcs
1x10	50 pcs
1x12	40 pcs
- Smaller and uniformly sized units make for easy handling and storage and increased inventory turns.
- Custom blocking and cardboard bottoms for maximum protection.

### **SPECTRUM TRIM 2 ADVANTAGES**

- Superior Substrate
- Binned 4 sides - superior protection and performance
